STEGE MAIL BANDIT IS CAUGHT

Postal Inspectors Think Man
at Omaha Is Same Man
Who Robbed Stege Train—
R. E. Men Protest Wage
Change—Riot in Italy—
O. Men Form Industrial
Councils and Vote Raise.

With the arrest today at Salt
Lake City of the lone bandit, who
on the night of January 31, held
up and robbed the Overland Limited
train of the Union Pacific of \$200-
000 near Omaha, postal inspectors
expressed the belief here that
the man in the train robber sought
in connection with the looting of a
mail car on the Eastern Express
near Stege, Contra Costa county,
several weeks ago.

On the 10th of February, the
suspect in custody at Salt
Lake City is Arthur F. Olson, alias
John Ogden, former inmate of the
penitentiary, according to news dis-
patches. The postal authorities at
Omaha announced, after receiving
a description of the man, that he
was undoubtedly the bandit who
robbed the Overland Limited of the
Union Pacific near Omaha.

A considerable portion of the
loot was abandoned by the robber
in the Contra Costa hills, including
a large number of War Savings
stamps. A quantity of the stamps
were also discarded by the Omaha
bandit. This was taken as further
indication that the same man did
both jobs.

Olson denies any connection with
the crime.

MANY KILLED IN RIOT OVER WAGE REDUCTION

LONDON, Feb. 19.—Serious
fighting between workmen and
troops in the industrial region about
Genoa is reported in a Central News
dispatch from Rome under Wed-
nesday's date. Many casualties oc-
curred during the disturbances.
The trouble apparently arose
through the announcement of own-
ers that wages at various factories
would be temporarily reduced. The
workmen refused to accept the pro-
posal and the owners closed the
factories.

MISS WHITNEY DENIES ADVOCATING VIOLENCE

OAKLAND, Feb. 19.—Miss Anita
Whitney, Oakland clubwoman, on
trial before a jury in Superior
Court today on charges of violation of
the criminal syndicalism act, took the witness
stand in her own defense today and
denied categorically that she advo-
cated or ever has advocated crime.

AUTO TRUCKS ARE CHARGED LICENSE FEE

MARTINEZ, Feb. 19.—Contra
Costa County's license tax on au-
tomobile trucks, prescribing a license
of \$5 per ton on all vehicles of over
two tons carrying capacity, manu-
facturers' rating, became effective
today. The original measure en-
acted by the board of supervisors
providing a \$10 tax per ton on
trucks owned in the county and \$20

on January 18.
Some of the salient points in the
new measure are:
A penalty of \$15 can be added
for delinquency for failure to secure
a license.

A vehicle may be seized and sold
the same as real property to satisfy
the license tax if it is not paid.
Overloading of vehicles to escape
the law is punishable by a fine of
\$20 for each full ton.

Speed officers are empowered to
seize and take to the nearest public
scales vehicles which they believe
overloaded.

Restrictions are placed on loads
to be carried over bridges. If any
damage is done any structure the
truck owner is held responsible.

Vehicles owned outside the county
and operating in Contra Costa two
days of the month are subject to
tax.

Various speed limits according to
the load of the truck is prescribed.
So far, according to Tax Collector
M. W. Joist, but few licenses have
been obtained.

SUIT IS FILED TO COLLECT ON NOTE

Suit to foreclose on a mortgage
for \$460 alleged to have been ex-
ecuted by George F. Abbott, W. E.
Chinnock and others and secured
by a lot in Richmond, was filed
in Superior Court in Martinez yes-
terday. The complaint alleges that
the note was executed in October,
1915, and that no part of the prin-
cipal has been paid.

FATHERS AND SONS GET TOGETHER

Splendid Banquet and Enter-
tainment at Wesley M. E.
Last Night and Four More
Scheduled for This Evening—
Hearty Response by
Young Men and Old, "Son
and Dad."

The Father and Son movement in
Richmond seems to have struck a
popular chord by the Y. M. C. A.
members, as the get-together meet-
ings so far held have been most
heartily attended and enjoyed, with
promises that much good will accrue.

The news scribe rushed away
from the grand last night long
enough to take in a part of one at
the Wesley M. E. church, and was
surprised to see so many other sin-
ner-like himself, as well as a good-
ly sprinkling of Christians, gathered
around and mixing up in good fel-
lowship.

There were lots of boys there,
too, ranging from young men
down to kiddies, and there was
something good to look up in their
faces and eyes—all honest, clean,
nice-looking chaps.

As he called upon us for a talk,
after he had warned Rev. Little not
to do so on penalty of our putting
a plugged nickel in the contribution
box.

Mr. Stiver is a good toastmaster,
and said some good things himself,
several times, and pointedly.
Rev. Little spoke briefly; Prof.
Tucker made a splendid speech, re-
plete with his experiences with high
school boys and their requirements.
Mr. Mead of the Y. M. C. A. dwelt
learnedly upon the Father and Son
movement, he having had much ex-
perience along those lines. Mayor
Long and Attorney Hall were to
have been on hand but were de-
tained elsewhere, and C. E. Clark
was also absent because of illness.

Mr. Woodward, impersonated
"Uncle Rasmus," in negro comedy,
and afforded much amusement both
the old and young, father as well
as son.

The banquet, spread by the ladies
was just that—a banquet, not a
lunch. Everybody did ample jus-
tice to that feast, and enjoyed it.
If we were a millionaire we would
have one just like it every night.

AT PRESBYTERIAN TONIGHT

Another Father and Son banquet,
under the auspices of the Y. M. C. A.,
who inaugurated them, will be
held at the First Presbyterian
church tonight, rain or shine, at
8:30. It is hoped that by bring-
ing father and son closer together
at these meetings that a better,
truer, deeper understanding will
exist between them.

The following are on the pro-
gram committee: Dr. W. W. Gib-
erson, chairman; Fred Newsome
and A. H. Posque. On invitations:
Harry Plate, A. P. McKenna and
James McDowell. Banquet: W. H.
Smith, chairman; P. M. Sanford,

INJUNCTION AGAINST SALE OF SHIPS ISSUED

WASHINGTON, Feb. 19.—A
temporary injunction to pre-
vent the sale of the ship-
ping company recently offered by the
board was granted today by
Associate Justice Bailey of the
district supreme court.

Justice Bailey said that
after a careful examination of
the statutes he was of the
opinion that they did not show
an intention on the part of
Congress to place in the Presi-
dent or in the Shipping Board
the power to sell the ships.

Application for the injunc-
tion was made last Saturday
by William Randolph Hearst
and hearings on it were held
last Monday while the ships
were being offered at public
auction.

NAVAL BASE FUND PROMISED EAST BAY

OAKLAND, Feb. 19.—The Oak-
land Chamber of Commerce today
received advice from its repre-
sentative at Washington

of \$10,000,000 for the naval base
on San Francisco Bay. Senator
James D. Phelan is now drafting a
resolution to be introduced in con-
gress setting forth the unprotected
condition of the Pacific coast as
compared with the Atlantic coast,
and laying down a policy that the
western seaboard shall have proper
consideration as regards such ap-
propriations, particularly in view of
the stationing of half of the Ameri-
can navy in Pacific waters.

Senator Phelan's resolution is
being drafted along the lines of a
resolution prepared by the Oakland
Chamber and adopted by Chambers
of Commerce throughout California.

the diversion of the evening while
a pleasing vocal solo was rendered

piano by W. Bauman.

The music was furnished by Mrs.
Rhea Anthers.

San Francisco.

night, Attorney T. M. Carlson and
R. E. Coffey were the other speak-
ers.

Gelder presented the cause of the
Irish people and their struggle for
liberty in a very eloquent manner
and with an impassioned appeal
awakened the audience. He urged
them to subscribe to the bonds
which are to be offered for sale
through the American Commission
on Irish Independence and which
is to open March 1.

Attorney T. M. Carlson was ap-
pointed county chairman for the
drive.

PYTHIAN SISTERS PLAN

Preparations were made for the
initiation of a class of eight can-
didates at the next meeting of the
Pythian Sisters of Richmond, Tem-
ple No. 86, at their meeting in
Pythian Castle last night. Plans
were also made to attend the

FEDERAL PROSECUTOR COMPLIMENTS LEAGUE

Endorsement of the idea of cre-
ating a community kitchen similar
to that planned by the Berkeley
Housewives' League, as another
means of combating the high cost
of living, was made at the meeting
of the Richmond Housewives'
League at the Lincoln Auditorium
last night.

Reports were heard from various
committees. Prices of the whole-
sale dealers in San Francisco was
promised the local league by Fed-
eral Prosecutor Annette Adams,
who commended the league on the
completeness of the report sent on
prices charged by Richmond mer-
chants for various commodities.

Rain Falls And Saves Crops; More Promised

Rain that will end the drought,
that daily has become more alarm-
ing throughout California is pre-
dicted by Weather Forecaster Beale
for this afternoon, tonight and to-
morrow in all parts of California.

Rain fell lightly in Southern Cal-
ifornia last night and a few drops,
but not enough to record, fell in
San Francisco at midnight.

Bakersfield had a precipitation
of .30 of an inch; Bonita, .04;
Santa Barbara, .24. The rain was
general last night throughout
Southern California. It was light,
but seldom has rain been more wel-
come.

A box social and dance will be
held next Thursday evening to ce-
lebrate the twenty-third anniversary
of the lodge. On the committee of
arrangements are: Mr. and Mrs. J.

Mrs. D. Carpenter.

LABOR SLAMS INCITING ACTS

Resolution Condemns Ac-
tivities of Government and
Associations in Provocating
Class Hatred—The Resigna-
tion of Attorney General
Palmer.

Criticism is made of the govern-
ment lending itself to "the per-
nicious activities of associations,"
and condemning the action of the
New York legislature and opposition
to the various anti-union bills is
made in the following resolution
adopted by the Northwest Division
of that World War Veterans, and
endorsed by the Contra Costa Labor
Council and Building Trades Coun-
cils, and the various labor unions
in this city.

The resolution which was adopted
January 21, 1920, at Minneapolis,
reads as follows:

The sacrifices of life and limb,
of home and worldly goods, we
offered on the altar of greater
democracy for ourselves and the rest
of the world, will have been made
in vain if we allow ourselves to be
manipulated by local, state and na-
tional governments to create a
state of terror by unlawful in-
vasions of our constitutional rights.

We hold that our forefathers laid
down their lives to establish a free
government and to perpetuate for
all time to come the blessings of
liberty so essential to the well-being
and happiness of a people. We en-
tered the World War primarily to
defend these principles and to ex-
tend their benefits to more un-
fortunate peoples, who had not been
able by their own efforts to shake
off the tyranny and oppression of
monarchs and autocrats.

We, therefore look with dismay
and alarm at the many attempts
by agencies of organized wealth, to
curtail and finally abolish the right
of the people to freedom of thought,
speech, press and assembly, to in-
violability of person, and to repre-
sentative government. We are
amazed at the ease with which the
Department of Justice and other
branches of the national govern-
ment, the governors of many of the
states, local administrative bodies,
and not a few of the courts, lend
themselves to the pernicious activi-
ties of associations and interests
which place their privileges above
the constitutional right of the
people.

The country is honeycombed with
a spy system maintained by Manu-
facturers' Associations, Citizens' Al-
liances, and similar organizations,
which in the boldness of their ac-
tivities, intrigues and acts of provo-
cation, well-match with the spy
systems of the late European mon-
archies.

THE PAPER
OF THE
WORKING
PEOPLE

A LESSON ON SOCIALISM

The next time Socialistic and Communistic doctrines are preached to you, point the preacher to the Bolshevik experiment in Russia. If ever a thorough and convincing argument was furnished, this is it.

The Bolsheviks are Socialists and Communists par se. For years and generations they have preached Socialism, interspersing it with bomb-throwing, and then when they had the reins of government and the whole empire in their hands their first thoughts were of plunder and pillage. The leaders sold out for German gold and their followers fell to cutting one another's throats over the pillaged loot.

And that is Socialism. Not Socialism as to theory and doctrine, but Socialism as to practice and actual results.

Overthrow all government in any country, including our own, and the same results would attain. Probably the people of the United States, being more enlightened and educated than those of Russia, would not go to the extremes the Bolsheviks have, but human nature is human nature wherever you find it, and human nature is pre-eminently selfish.

No one class of people have any more virtues than another, take them pro and con and as a general thing when we "throw rascals out" and put a new set in, it only takes a very short time until the new ones are just about as big rascals as their predecessors were.

A more equitable distribution of wealth and property is needed, but throat-cutting and bomb-throwing is not the correct method of bringing it about—neither is the pipe dreams of Socialism and Communism.

We have no sympathy for any autocratic monarch, and opine that a few bombs in their soup has more or less merit, but a constituted form of government and authority is necessary to society the world over, and without it anarchy and chaos must result.

YOU CAN'T ALWAYS TELL

A friend of ours recently bought for \$5 six bottles, money refunded if it failed to perform a certain feat. The medicine was a justly Celest and likewise guaranteed to remove superfluous hair from the most delicate fabric without the slightest pain.

And a week later his wife telephoned his obituary and a card of thanks to the paper, the facts to the coroner, his measurements to the undertaker and her own to the dressmaker.

OTHER THINGS THAN MONEY

When one has reached the mellowing years of life, he knows that his search for fine souls and loving hearts does not necessarily lead him into paths where wealth glitters, or luxury corrupts, or power dazzles or ambition corrodes. It will usually be in the less sordid nooks of the world, where lofty purpose falters not, where the spirit soars above the miasma of selfishness and the deadly blight of the sensual and the lewd, and where amid the serious tasks and sweeter simplicities of life the tender, the brave and the true strive on to keep faith with duty.

The people who have to spend all the summer in Canada to keep cool and all the winter in Florida to keep warm are not very important to the affairs of this world.

There is one economic truth that you can never batter into the consciousness of a bone-head and that is, possessing the ability to pay money for anything doesn't justify one in living an idle life. The able-bodied individual who permits a day to slide without doing some useful work ought not to be permitted to eat, even if he has a million.

Beatrice Fairfax writes knowingly on the subject of the wife keeping the husband's affection. The way is to keep wire entanglements before every foot of the entrenchments of her heart, with machine gun nests in all the shell craters nearby and a heavy concentration of reserves in the vicinity of the kitchen. Don't neglect the kitchen, Bettie.

In looking over government and other statistics we find that something like 100,000 auto drivers were of the opinion last year that they could push a locomotive and train of cars off the track, but none of 'em did it. Inside Facts

It's what's inside your battery that makes it live long or wear out quickly. Inferior insulation wears out before the plates do, and re-insulation is necessary. Threaded Rubber Insulation greatly postpones and almost entirely eliminates the need of re-insulation; makes a battery last much longer under equal conditions, and reduces the liability of any other kind of repair.

It's the one biggest battery improvement in ten years—demonstrated now by four years of use. You can't afford not to know about it, for some day you'll need a new battery. Call and let us tell you all about it.

TAKE NO. 5

CAUSE AND EFFECT

Every disease must have a cause. When you turn the water on at the hydrant to which is connected a hose and it merely dribbles out the nozzle, you look back the hose for a kink or see who is standing on it and when you find the cause and you remove it the water flows freely. When your stomach goes wrong and you take drugs you are doctoring the nozzle, without one thought of the cause. You are treating effects and not the cause.

The thing that supplies you with life or any other organ with life are the nerves and pressure upon the nerves does the same thing as pressing upon the hose. The Chiropractor can remove that nerve pressure by straightening the vertebrae of the spine.

Don't say it can't be done. They said that of Fulton and his steamboat and of Marconi and his wireless.

A BRET HARTE STORY TODAY AT RICHMOND

Cressy McKinstry, Kentucky-born, was the belle of Tuolumne county, California, and possessed of all the family pride Kentuckians are noted for. The McKinstrys and the Harrisons were having a feud over a boundary line, and the daughter of McKinstry's was in love with a cousin of the Harrisons.

"Pa," Cressy addressed her turbulent parent one day, "once you've started feudin' with a family, don't you ever stop?"

"Yep, soon as they're all dead!" replied the head of the McKinstry clan.

But Blanche Sweet, for it is that beautiful Jesse D. Hampton-Pathe star, who interprets the role of "Cressy" in "Fighting Cressy," a Bret Harte story, had no intention of letting a scrap over a mere boundary line keep her from the man she loved, so she took matters into her own hands.

What Cressy did and how her plan succeeded makes an exciting finale to "Fighting Cressy," the feature on the program coming to the Richmond Theatre today.

ONE OF CALIFORNIA'S SHOW PLACES

An ideal location for both summer and winter climate, 60 miles from San Francisco on both steam and electric railroads or macadamized highway. This is a real beauty spot and adjoins one of the finest country homes in that county. Two trout streams run through the place, fed by never-failing springs of pure water. Place contains 1242 acres, about 125 acres level bottom land, very fertile, 75 acres in full bearing French prune trees, one of the noted prune ranches of the States. Balance of land is foothill pasture and timber, from which thousands of fine poles, for telephone or electric power can be cut, besides thousands of cords of oak and madrone wood. The president of the nearest bank (three miles from property), says: "It is the one place that I have always wanted to own." Present owner improved the place and has lived there 30 years. Income from ranch will net 7 percent on \$100,000. Improvements consist of 8-room house, 3 small houses for help, barn, feeding sheds for stock, large fruit warehouse, all farm implements, trays and boxes to care for fruit, also 25 head of stock cattle and 5 horses. I am authorized to offer this completely equipped for \$75,000.

For information, photos, etc., write E. J. CRANDALL, 235 7th street, Richmond, California. Phone 7455J. Bank reference if desired.

Following the example of the other schools in the city district, the Richmond High school will play American rugby this year.

Practice was started by 35 huskies yesterday afternoon on the field adjoining the High school who are to put up amerry battle for positions on the team. Rugby has been the game here for the past several years and many fast players have been developed, who, it is expected, will make exceptional showings.

Major Hale will coach the team, which is headed by Curtis Smith as captain. Smith was scrum on the team last year. The new suits have been ordered for the team and are expected within a week. Richmond will continue to play "the lone wolf" stunt, attacking any and all teams.

Labor Slams Inciting Acts

(Continued from Page One)

We condemn the action of the New York legislature in denying duly elected representatives of the people their seats in the New York Assembly because of their affiliation with the Socialist Party, as an atrocious invasion of the right of the people to representative government, and as an encouragement and invitation to the people of our country to lose faith in the efficacy of the ballot, and to substitute force and violence in place of seeking redress by means of the ballot. Such action is unparalleled in the history of representative government.

In addition to these many outrages against the rights of the people, legislation is being now proposed in Congress to limit the right of the people to the freedom guaranteed by the constitution.

We assert our faith in our people, in their integrity, their love of freedom and of fair play, their devotion to the fundamental principles underlying our system of government, and their readiness to defend against aggressions on our free institutions, whether by foreign or domestic forces, without, or by financial or industrial oligarchy from within.

In the great conflict of antagonistic interests, opinions, beliefs and cures, proposed for the evils affecting our social body, we proclaim the sacredness of the principles of liberty and representative government which have attracted millions from all the corners of the world. These millions, our forefathers and fathers, as well as those who have come here in our time, by their labor and sacrifices have laid the foundation of our greatness, and have created the very wealth, the organized power of which is now being used against them and us. But, therefore,

Resolved, that we protest against the passage of the Davis, Fletcher, Sterling, Graham, and other so-called anti-secession bills now pending in Congress.

Resolved, that we call upon our local, state and national governments to put a stop to the disgraceful interference of public officials and private agencies, with the freedom of the people, and call upon them to protect the people from such unlawful interference, with their constitutional rights to freedom of speech, press and assembly, and their right to representative government and inviolability of person. And be it further

Resolved, that we demand the immediate resignation of Attorney General Palmer, whose conduct since his coming into office may be worthy of a stop to the disgraceful interference of public officials and private agencies, with the freedom of the people, and call upon them to protect the people from such unlawful interference, with their constitutional rights to freedom of speech, press and assembly, and their right to representative government and inviolability of person. And be it further

Local Laconics Of Richmondites

Henry Engelking, worse half of our oldest girl, is home trying to cope it out whether he is in for flu or just a hard cold.

The two Colclough boys out San Pablo way, one being a carrier for the News, are in bed with a touch of the flu. A great many children around San Pablo have light attacks and the school has been closed until they recover. No fatalities.

Jack Galvin, Fred Newsom and Guy Milnes ate so much of the pie a la mode at the Wesley banquet last night that we only got one piece and had to guard that very carefully, as Rev. Little sat next to us and within easy reach of it, and two lawyers on the other side—Pierce & Carlson. It's a wonder we got any at all.

Query: How are we to eat banquet with Bro. Sanborn this evening and also attend the meeting of the Chamber of Commerce board of directors? Duty calls to the latter and inclination roars for the former. The Presbyterian ladies are famous cooks.

Another pain, last night, Bro. Crandall's twinge of rheumatism was a good sign, and now if he will kindly have a few more of 'em all will be well, things will grow and we will all eat.

Miss Catherine Kerr, sister of Mrs. F. J. Hulanicki, spent yesterday at Mill Valley, visiting an old-time friend.

See here, you woman folks and school boys and girls, don't forget or overlook that offer of the News to pay \$5 cash prizes for the two best 100-word stories on why Richmond's harbor work should proceed. Any woman or any school boy or girl is eligible, and we

would like to receive about a dozen such articles.

A leap year dance will be given at East Shore park, Saturday evening, February 21st, by the Bolter Shop Social club of the Standard Oil company. Music by Jack Crowe's orchestra.

EPISCOPAL GUILD SEWS

An interesting meeting of the Episcopal ladies' guild was held yesterday afternoon at the home of Mrs. M. E. Merritt, 995 Chancelor street. The women spent the afternoon in sewing for the forthcoming bazaar, which they plan to give shortly after Easter. Elaborate refreshments were served.

Those present were—from the West side: Mrs. H. Blake Hadlow, Mrs. P. C. Campbell, Mrs. J. H. Coleman, Mrs. Arthur Howell, Mrs. Charles Young, Mrs. W. F. McCracken. From the East side: Miss Carrie Robinson, Mrs. John Tarr, Mrs. R. Greenhouse, Mrs. J. H. Slight, Mrs. J. W. Spencer, Mrs. Charles Muller, Mrs. Rosen, Mrs. Bert Hall, Mrs. T. R. Shanks, Miss Gladys Muller, Mrs. Mickey, Mrs. Royston.

OIL WORKERS MEET

The proposed new wage scale will be presented for the consideration of the Richmond Oil Workers, at a special meeting to be held tomorrow night in the Labor Temple at Fourth and Macdonald Avenue. The meeting was called by C. B. Harvey, of Los Angeles, first vice-president and general organizer of the International Association of the Oil Workers of America. Charles Johnson, the local secretary, says that the locals throughout the State are planning for a new wage scale.

STATE WIDE SEARCH FOR EL CERRITO BOY

A state wide search has been started by the police for Carl Phillips, 16-year-old youth, who disappeared shortly after leaving his home, Monday night. There is no known motive for his disappearance.

Phillips, who has been making his home with his mother, Mrs. Peter Phillips at El Cerrito, left to visit his grandmother, Mrs. J. Ney, 1340 Ross street, Berkeley. He did not arrive at his destination and no other trace can be found of him. The grief-stricken mother waited until yesterday to notify the police and asked their assistance in finding the boy. She believes that the lad has met with foul play.

The mother says that her son did not have any bad habits, as far as she knows, and that he seemed satisfied with his home. He had saved some money while working for the Moore shipyard in Oakland and later at the Certainted Products plant. With some of this he had purchased a cut down Ford. The machine and his good clothes, as well as other personal belongings, were all left at home.

Carl is about five feet, six or seven inches in height; slender, weight about 135 pounds; blue eyes and black hair, and when last seen wore corduroy pants, blue coat and vest, blue and white striped shirt, low tan shoes and soft green hat.
